

Process and Data Modelling

Mini-projects
Fall 2005

first: our sponsor...

- The CPN lectures are partly sponsored by IT-vest networking universities through the national concurrency collaboration.
- The concurrency collaboration includes ITU, Daimi (Aarhus), Aalborg, DTU (Lyngby)

Mini-projects

- Purpose: Delve into subject area(s), kick-start a 4-week project
- Each group picks a subject (suggestions next slide) and a supervisor.
- Format: 5-10 pages report handed in at lectures Nov. 22. Individual Feedback
- 20% of exam focus on your project

Project suggestions

- Business Process Modelling + XML/UML/CPN e.g. part of ITU admin. (Steen/Thomas)
- UPPAAL: Model and analyze an elevator control or "the girls gossiping problem" (Jens Chr.)
- Tailorable Systems (letting the user change the model) or Modelling as basic concept to understand computer technology (Yvonne)

• Yvonne: Monday 13-15 + Thursday 11-12
email: ydi@itu.dk

• Jens Chr., Thomas, Steen: Tuesday 9-12,
Thursday/Friday.
email: {jcg, hilde, stbr}@itu.dk
